

## **William Branham Sermon Index – Seed Library**

The “**Date Preached**” is in the format of yyyy-mmdd (first 4 numbers are the year – next 2 numbers are the month – and the last 2 numbers are the day). The extension after the date distinguishes between sermons preached on the same day: “a.m.” means “morning”; “p.m.” means “evening”; and so on. If no extension is on the date, then there is only one recorded sermon on that date.

The “**Mamalis Sermon #**” format is “sermon number/year” (the last 2 numbers are the year, all numbers prior to that indicate which sermon). (Note: If a sermon number has an asterisk (\*) after it, then it is a sermon that has been fit in to this numbering system and may not be the exact number that is used by A. David Mamalis.)

The “**Seed Library**” is a collection of sermons that were distributed to church libraries in years past when it was too expensive to duplicate the entire sermon collection.

**Now over 1100 of William Branham’s sermons are available for downloading from the internet, free of charge. See “Sermons” under the “Resources” pages on [tucsontabernacle.com](http://tucsontabernacle.com).**
